Student Council Report

Name: Bobbie Jay  
Position: Vice-President Activities  
Date of Council: 24/03/21

Please find below a summary of the 3 main projects I have been working on since the last meeting of Student Council:

1. SOCIETIES

The Activities team and myself have been working hard to ensure that all students are aware that the nominations and voting to be committee members of a society start this month. These positions are a great addition to a CV and also gives you the opportunity to provide some great experiences for students interested in the society. There are many positions that you are able to nominate yourself for which can all be found via our Herts SU website.

2. REOPENING OF THE NIGHT CLUB

Forum was big part of the student experience whether it was during the day for careers fair or if it was at night when thousands of students would party together. It is fair to say that we have all missed Forum this year. If government guidance stays as it is then fingers crossed the venue will reopen in time for September (Freshers). I have been receiving student / Staff input in regards to naming the two new rooms in the club. After many meetings we have been able to get it down to just a few different ideas and concepts. The aim is to have this confirmed and announced within the coming month.

3. SPORT AT HERTS

I have had regular contact with the AU and Active Students team regarding sport starting back up at Herts. There are many different rules and regulations when it comes to putting on physical sessions but the team have reassured me that they are ready and capable to deal with the forever changing regulations. I am confident that (if possible) the AU/AS will have many face to face session running as possible when allowed to do so.

Further information about the work I do can be found here:
